EDUCATION

Indian Institute of Information Technology, Kalyani

B.Tech in Computer Science and Engineering

Kalyani, India

2021 – 2025 (8.2 CGPA)

EXPERIENCE

Python Intern

Jan. 2023 – Present

CodeCubes

Remote

- Developed a **Python** script integrated with **SQL** and MySQL to automate email dispatch for the Training and Placement (TnP) cell, enabling seamless delivery to over 200 recipients in a single operation.
- Designed and optimized database queries to manage and retrieve recipient data efficiently, reducing **email dispatch time by 5%**.
- Collaborated with team members to test and refine the solution, ensuring compatibility with the existing workflow and database structures.

PROJECTS

TextEditzy ([View](#)) | *ReactJs, TailwindCSS, Node.js, Express.js, MongoDB, Socket.io* Oct 2023 – Dec 2024

- Developed a **real-time collaborative document editing** platform enabling multiple users to edit documents simultaneously with live updates.
- Implemented rich text editing features, including text formatting, styling, and inline comments for enhanced user experience.
- Utilized **Socket.io** for real-time updates, ensuring seamless collaboration across all connected clients.

Cryptzy ([View](#)) | *ReactJs, TailwindCSS*

July 2023 – Aug. 2023

- Developed a responsive web application for tracking cryptocurrency holdings and portfolio performance.
- Integrated dynamic data visualizations to display real-time cryptocurrency prices and trends.
- Enhanced user experience with responsive design using **TailwindCSS**, ensuring seamless access across devices.

Expense Tracker | *ReactJs, HTML, CSS, JavaScript*

Aug. 2022 – Sep. 2022

- Developed a frontend application to calculate and track monthly expenses.
- Enabled listing and saving particular monthly expenses with specific names.

TECHNICAL SKILLS

Languages: C++, Python, HTML, CSS, JavaScript, MySQL

Frameworks: ReactJs, Node.js, Express

Libraries: Pandas, NumPy, Matplotlib

Developer Tools: Git, GitHub

Other Skills: Problem Solving, Data Analysis, Web Scraping, API Development

CERTIFICATES

Python for Data Science ([View Certificate](#))

Nov-Dec, 2024

NPTEL, Gov India

Online

- Acquired foundational and advanced knowledge in Python programming for data analysis, visualization, and statistical computations.
- Gained hands-on experience with libraries such as NumPy, Pandas, and Matplotlib.

Python & SQL ([View Certificate](#))

May-July 2022

NIELET Shree Computers

Online

- Developed a strong understanding of Python and SQL for data management, query optimization, and backend development.
- Learned to create and manipulate databases, ensuring efficient data storage and retrieval.
